

## Headset MK-OBT I

Page 1 of 1

### McKay Light-weight Headset MK-OBT I

A mid weight single ear cup headset with boom Mic.

Ideal for communications in quiet and noisy environments or where head-up radio use is necessary.

#### To fit virtually any radio.

Using the McKay plug and play radio plug system (CLAW) this headset can be connected to virtually any make of radio and if you change your radio only the low cost radio plug (CLAW) needs to be replaced.

#### Integral PTT

In-line PTT for a lightweight and simple cable system.

#### Typical Applications.

- **Film Theatre and TV**
- **Outdoor sports**
- **Quiet and Noisy Venues**
- **Control rooms**

#### Key Features

- **Noise cancelling boom Mic**
- **In-line PTT**
- **Single Earpiece**
- **McKay Claw system**

#### The McKay CLAW System

McKay headsets have a universal socket into which a short cable with a suitable radio plug is fitted. This enables you to move you headset between different makes of radio.
